ONE train – a world of experiences!

TRAVEL RULES – FOR YOUR AND OUR SAFETY!

Our aim is to provide a safe environment for all. Your assistance in achieving this is appreciated.

FIRST AID KITS, FIRE EXTINGUISHERS AND TRAINED CERTIFICATED CREW MEMBERS are on board to offer assistance.

NO SMOKING is allowed on the train, which includes the balconies on some of the coaches.

NO ALCOHOL is allowed to be brought on board. The ***APPLE TAVERN*** and ***LOUNGE CAR*** offer bar facilities to persons 18 years and older.

The coaches date back to 1902, and are equipped with period bell-buffers, couplers and have a vacuum brake system. The vacuum brake system fails to safe, and in the event of the train couplers parting en route, the train will automatically come to a stop.

A moving train can be dangerous, and we request all passengers to be safety conscious at all embarking and disembarking points, especially at any photo-stops.

Please **do not open the doors until the train has come to a complete stop**. Do not alight from a moving train. **Do not stand on the steps while the train is in motion**. Be aware at all times.

Please **keep coach doors closed when moving**, and be aware that the **doors are heavy and can easily injure fingers** placed in the wrong place.

To avoid injury to yourself, please **be careful when putting your head out of the window** as trees and undergrowth can be growing close to the track.

Most stations have no, or limited, low platform surfaces. **Please use caution when alighting** and be careful of uneven surfaces.

Please DO NOT throw sweets, money or other objects to or at children or other spectators alongside the line. Scrambling for objects thrown from the train could cause a child or person to fall under the train whilst in pursuit of such objects.

Please comply with all instructions issued by the Train Manager, Coach Controllers or Passenger Relations Officer (PRO) on duty.

IN CASE OF EMERGENCY CALL: +27 41 507 2920 or +27 82 921 8512
